Robert Todd Kremer

SEP 5, 1978 - OCT 4, 2024

Robert Todd Kremer, affectionately known as "Bubba" to those who knew him best, passed away unexpectedly on October 4, 2024, at the age of 46. Born on September 5, 1978, to Peggy Kremer and the late Robert P. Kremer, Bob was the strength in the lives of his family and friends.

He studied at Triangle Tech which led to his successful career as the owner of BK Electric, LLC.

His personal life was filled with love and laughter, thanks to his cherished partner of 16 years, Jeanna Tucker. Together, they created a home filled with warmth and happiness. Robert was the proud father to Kayla, Allison, and Ava Burns, and Amelia Jean Kremer. His daughters were the light of his life, and he cherished every moment spent with them.

Preceded in death by his grandparents, Robert S. and Pauline Kremer and Lewis and Leota Plowman. His family extended beyond blood relations, encompassing countless friends whom he loved deeply.

A lifelong enthusiast of BMX, despite a bad knee, he never lost his love for the sport. Restoring vintage cars was more than a pastime; it was a bond he shared with his dad. His favorite project was his 1972 Plymouth Valiant, known as "The Orphan."

When he wasn't tinkering at the garage, Bob could be found racing r/c cars, attending car shows, or engaging in 4x4 wheeling adventures. He loved the quote, "Be the reason someone believes there are still good people."

BK was funny and generous, a man who could light up a room with his humor and who never hesitated to lend a helping hand. His family was his world, and he took every opportunity to show his love and support for his four beloved daughters.

Donations to the family to be used at their discretion

Bubba, you've been my friend since I was 13. We've clocked more hours, than anyone could count, at the trails, on the street, and just about anywhere we could ride or cause trouble, growing up. No matter where we were in life, or where I was in the country, anytime we could catch up, we picked up right where we left off. You were more than my friend, you were my brother. Ima miss you, homie. Phat Bras 4 Lyfe.

Bob was a great man and tradesman. High quality work and a great personality. I liked Bob as a man and as an electrician. He always does great work at a fair price. His group of guys were top notch. I will definitely miss him and I cherish the time that we spent together at my job site the day before he passed.

It's hard to find the right words to express the deep sadness that fills my heart with BK's passing. I had the privilege of knowing him for over two decades, and the memories we've shared will keep his spirit alive in all of us for many years to come. It's unimaginable to think that we won't hear his laughter again or see the smile that so often lit up his face. BK had a personality that was larger than life—his generosity, warmth, and infectious laughter touched everyone who knew him. He will be missed deeply by all who had the honor of crossing paths with him. My heart breaks for his family. The loss they are facing is overwhelming, and my sincerest, deepest sympathies go out to Jenna, Peggy, and the girls as they try to navigate a world without him. Please know that his love and light will always be with you, and all of us who knew him are holding you close in our hearts during this incredibly difficult time. Love, The Blazer Family Amanda and Michael

My deepest sympathy to Bob's family and friends. Remembering Bob from when he was a kid hanging out or causing chaos with my sons at our house or wherever their adventures took them. Was so glad to see him again just a few short years ago to see what a fine man and great father he came to be. Rest in Peace Bob.

Anthony Jefferson posted:

I remember a time at South Park BMX track. Bob and I were pondering whether to jump the "pro section" of the track or not... after moments of debate. I decided to go for it! I jumped the 20+ foot "gap" successfully. Bob shook his head with a grin as if to say "welp, I guess I've gotta do it too"!... Well, He did clear the jump, HOWEVER, he landed in a "no-footed Super man". As painful as I'm sure it was." (His chin would never be the same) We both celebrated the triumphant victory! Love you Bob BK... Anthony Jefferson

Dan Negley posted:

When I worked at O'Reilly's Bob came in one night and told me I had a flat tire, he went to his garage and got a jack and tool to take the lug nuts off then he took it down to Keith at K&L to fix it and came back up and put it on for me and then called me before I went home to see if it was holding air. This is how he lived his life always willing to help someone. How nice the world would be if everyone was like Bubba. RIP my friend and say high to your dad for me
