Hi Gina it's Kaitlin! It was so nice of you guys to have this for Amber! I didn't want to say much today because I didn't know how to respond when you asked how I was! It's really hard for me to talk about but losing Amber is really hard! My grandma died from pancreatic cancer when I was two and a half years old and I was hoping by now they would have found a way to fix it! Why did it have to happen to her? I didn't even know she had it until last year! I'm glad she is at peace now and not hurting anymore but I wish there was somewhere to see her? I don't feel like I am going to be able to stop thinking about her until we can see her! Kaitlin
