## A DIEU OUR BELOVED BROTHER

Dr. Eyitope Omoniyi Bolujoko (TBJ, as he was fondly called) of Pleasant Hills, an angel among men, took his place in heaven on August 28th, 2022.

TBJ was born on August 30th, 1982, in the city of Zaria, Nigeria where he grew up and went to college. He received his degree in veterinary medicine from Ahmadu Bello University (ABU), Zaria in 2010 and passed the very challenging ECFVG exam enabling him to practice medicine in the U.S.

As a keen lover of animals, TBJ excelled in his career diligently caring for animals in some of the best facilities from Nigeria to the U.S and most recently, at the VCA Castle Shannon Animal Hospital, Pittsburgh.

Above being a keen lover of animals, TBJ was a passionate lover of God and people. He served in multiple capacities in the church including in the choir and he loved spending time with his family above all else.

A doting husband to his dear wife, father to his two adorable daughters, son to his beloved mum, and brother to his surviving siblings, he was always inclined to put everyone's needs ahead of his own or go the extra mile to care for a friend or family member.

To everyone who knew Tope or merely had an encounter with him, these traits were undeniably apparent; TBJ was soft-spoken, humble, driven, and utterly kind. He prided himself as a funny guy and was mostly right about that. He will be sorely missed by his family, relatives, and friends all around the world.

I am still in the realm of dreams about the reality that my dear TOPE has gone to be with the LORD. I ask, Lord, why the early home call of this young 'general'? Suddenly I remember "For we know in part, . . . But when that which is perfect is come, then that which is in part shall be done away." (1Cor. 13:9-10) TOPE, my ebullient young boy who had a humorous accent of the Yoruba language back then in 1985/1988. You were indeed a lovable boy! It is difficult for me, your uncle Tunde, to come to terms with the reality of your home call, at least for now. TOPE, your demise is tragic, sudden and 'early in the day'. The grief of your loss is heavy for us to bear as family members. However, we are not in a position to challenge the Omnipotent God. "In everything give thanks: for this is the will of God in Christ Jesus concerning you. (1Thes. 5:18). LORD we thank you for the brief but fulfilled life that TOPE lived. TOPE, you are very much loved. Your departure from amongst us will be gravely missed. Verily, no more shall we part when we meet again at the feet of our Master, Jesus Christ. Good night TOPE.

Tope, these 32+ years of being your friend were the best I could have asked for. Your kindness, sincerity, humility and faith rubbed off on everyone around you. From being childhood friends to going to Veterinary school together, to serving together in our campus fellowship, you remained consistent. You were a good man, an amazing husband and father and an outstanding friend. I'll always remember 2021 Thanksgiving holiday we spent together. Thank you for all those encouraging phone calls - we would talk for hours and not even realize it. I only wish we could have spent the next 50 years watching our kids grow up and have their own kids, but I know we will meet again. I love you my brother and friend. Ifedayo

TBJ, Gentle giant, you were a wonderful classmate back in the university. You taught us to share our challenges so that collectively we could resolve them collectively and learn from the process. We as humans find it hard to grasp the concept of mortality. I will not say gone to soon, sunset at dawn etc. I believe God took his son back at the appointed time. May God continue to comfort the family and friends.

"It is still like a dream Tope, that you are no more here with us physically. You came as a child of consolation, and all through your very brief sojourn here on earth, you remained a source of joy and comfort. Your exit has created a very big vacuum that will be difficult to replace. Indeed, our days on earth are like grass; like wildflowers, we bloom and die.(Psalms103:15 NLT) Tope, as painful as your exit is, we are comforted that you are in a better place, where there's no more pain, no more sorrow; but joy and rejoicing in the presence of the Almighty. Continue to rest in the bosom of your savior till we meet again. Good night....." -Oyewunmi Balogun Houston TX
