Death is nothing at all. It does not count. I have only slipped away into the next room. Nothing has happened. Everything remains exactly as it was. I am I, and you are you, and the old life that was lived so fondly together is untouched, Whatever we were to each other, that we are still. Call me by the old familiar name. Speak of me in the easy way which you always used. Put no difference into your tone. Wear no forced air of solemnity or sorrow. Laugh as we always laughed at the little jokes that we enjoyed together. Play, smile, think of me, pray for me. let my name be ever the household word that it always was. Let it be spoken without the ghost of a shadow upon it. Life means all that it ever meant. It is the same as it ever was. There is absolute and unbroken continuity. What is this death but a negligible accident? Why should I be out of my mind because I am out of sight? I am but waiting for you, for an interval, somewhere very near, just round the corner. All is well. Nothing is hurt, nothing is lost. One brief moment and all will be as it was before. How we shall laugh at the trouble of parting when we meet again!

I was priveleged to work with Bill in the Blast Furnace operations at Aliquippa, Pa. from 1981 - 1985. He was part of the final shutdown of the operation in 1985. Bill and I reconnected in the Cleveland Blast Furnace Operations until he retired. Bill was a friend, co-worker and the kind of blast furnace operator that you wanted to bottle up and make more of. He was kind, patient, and professional all rolled into one. He carried a wealth of blast furnace knowledge gathered from years of experience and was always willing to share it with those who were learning the operation. Whenever there were problems on the furnaces, Bill was the one you wanted near by. He will always be fondly remembered by those of us who were fortunate enough to work with him. My prayers go out to Chris and the rest of the family and friends. Jeff Drummond

Bill was a very dear friend and mentor. We worked together in Cleveland during the end of LTV and the start of ISG. During that time I learned a lot about Blast Furnaces but even more about life. We shared a lot of laughs at work and more than our fare share of beers after work. I was extremely lucky to have been able to work and become friends with two of the best people on the face of this earth, Bill was one and Don Allman was the other. Bill you will be missed and you will always be remembered. Thank you for everything.

All the food and drink: Royal Lounge, Harry's restaurant, my cosmo cocktails (which you called rocket fuel), beers, steaks, ribs, fresh caught fish, fresh cut fries, avocado & tomato (with lots of salt, of course)... Lots of love and laughs every time we all got together! You will be missed, but we will see you again in heaven!! Love, Loretta & Mike

I would always tell Bill..that I was his favorite sister in law...because I was his ONLY sister in law. Once he told me that if he had 50..I would still be his favorite. Bill was our best man 50 years ago. He was an important part of our lives. We went to the OBX together and have lots of beach memories. We also liked meeting at the Loose Moose where we would eat wings and \"catch up\". He was a great uncle to my kids and shared in their achievements. It was a blessing when he found and married Chris. His life was very happy and complete. I'll also always remember being on vacation and seeing those \"spinney things.\"and hunkering down! I will miss you. I love you Bill. Save us a spot in heaven. Shelly-

I was sorry to here that Bill passed away. I worked with Bill in Cleveland at the steel mill. His work ethic was first class and he taught the younger members that as he would say \"It's the right thing to do\". And that meant no matter what time of the day or how hard it was to do. He also had a great sense of humor that always made me laugh. He will be missed. Ray Petz

Uncle Bill, I have many fond memories with you since I was young. Most of my favorite times with you were at the Outer Banks... even if we got stuck down there in TWO different hurricanes! Also had many occasions getting wings with you, Aunt Chris and my parents. I'll always remember when you married Aunt Chris and all the fun everyone had dancing multiple times to the YMCA! I'll miss seeing you and hearing you say "hey babydoll". Say hi to Michael for me. Xo.
