Hey Dan, it's been so long since I last saw you in the halls at Baldwin High. I'd always say hi and you'd answer with the coolest, "What's goin on?" When did we meet? At Oakleaf?? Had to be. I remember going to your house on Songo once. I've thought about you from time to time but the years got away from me. Anyway, I was sitting around and thought I'd look you up...I'm sorry I missed you by so much but I'll always remember you were a good friend to me in school. I hope to see you again. Blessings to your family and friends.

Kelly, Daniel, and Bailey, So very sorry to hear about the loss of Dan. I worked with him at Scalise. He was such a character and always filled the room with his presence. He was a big guy with a big heart that loved his family very much. He will be missed but my memories of him will live forever.....especially the one of him blasting Van Halen in the office:) Eugene Gervasi

Dan was a positive force in this world. I enjoyed every interaction with him, especially through the days of Upper St. Clair baseball. It was hard not to laugh, smile and feel good about yourself while with him. He will surely be missed! Our thoughts and prayers are with the Dabulis family.

Hey Cowboy you gonna get that house done or what? The wife ain't going to wait on you forever... Every time I talked to Dan it always involved getting something accomplished. Dan was a kind gentle soul but work always had to be done. From having more kids, "which Dan said I always should" to getting an early start to your day and making sure you finish your day with enough energy for your family, he was always making sure he asked the important questions to ensure I moved in the correct direction. Dan was a great friend, family man, craftsman, and mentor. I'll cherish my moments I had with Dan and I'll say, see you again one day... Cowboy.

Dan was a great friend and a great guy. I worked with him for a few years and we did nothing but laugh the entire time. I always looked forward to seeing him. We always stayed in touch and every time we talked, he was always first to ask about my family and was always talking about how great his family was. I never met a guy that loved his wife and his children as much as Dan. My condolences go out to Kelly and his Children. Dan will be missed. God took a good one
