I don't have a single childhood memory that doesn't include the phrase Nancy and Jack. Obviously, very important to our growing up as kids. Great memories like "house to house"! But my fondness memory is my engaging with your family as an adult. I would call Nancy on the phone and when she answered, "I would yell out good morning pretty lady, she would respond, "oh Doug". It was always a pleasure to get her smiling or laughing. To her children, I can't even tell what a pleasure it has been to be associated with you guys again, as well as, all your kids. We all were blessed to know and love one of the greatest ladies to land on this earth and God willing we will see her again. Love you guys!!
