Dear Bruce, there was an ocean between us but you always reached out through FB or messages. Your love for the \"Stroopwafels\" will always put a smile on my face. On March 29 (my birthday) there was no messages from you....it worried me. Never expected this. Rest in peace, my friend.

Bruce's dad and mine worked together at the Union Switch and Signal. It was not unusual for my dad and his to have a beer together. and it was on one such occasion that Bruce and I were introduced. Little did I know that he and I would go all through elementary and high school together. We were always friends, but it was just within the last year that, through online communication, that we were able to keep in touch more often. My last communication from him was Saturday, and in true Bruce fashion, he was concerned about me! I will miss him dearly, he was a light in my world!
