I knew John (4 years older than me) thru my brothers friends, but I found John to be a friend to everyone he knew. He knew how to party and have a good time, that is for sure! Im posting because I was able to learn John had a love of IT, programming (he would always try to teach me "Cobalt" lol) and we connected on that front. Lastly, I remember wanting to see "trout run" in Erie and John helped me scout it out one year seeing steelhead swim in all around you in the fall trying to get upstream. I later took my daughter there as a unique trip. John was always smiling, ready to party and a Finleyvillian thru and thru. The best kind of people.- Kevin Hohn

So sorry to hear of John's passing. He was a great neighbor to grow up with and I have many fond memories of him sitting on the back porch with my mom, me and Delby. He came to our camp in Pymatuning a couple of times to fish of course and was just an all around good guy. RIP John and thoughts and prayers to Mrs. Ball, Jeff and Pam.

We have many fun memories of "Little John". Whenever we were visiting in Pa. he always made sure he was there to greet us. Before you knew it he was on the phone calling Danny's to order us hoagie's and pizza. There was never a dull moment when he was around. John had a good heart and cared so much for family. He would give you the shirt off of his back. He will be missed beyond words and will live in our hearts forever. We LOVE you "Little John". Love, Uncle Mickey, Aunt Heather, Aunt Darlene and cousins Michael (Shelly) and Alex.

I have many memories of John Jr but will share these two. 1) We had fun jamming together. He played guitar, I played drums, we did small gigs anywhere. 2) One year during archery season we walked up to a deaf deer. I am not sure if it was really deaf but because of all the noise we were making (Carrying on), I cannot believe it did not hear us coming through the gully. RIP John, rock on.... Wags

All of our memories together growing up and our unforgettable fishing trips with Dad. Opening day trout fishing in Potter County. Catching our limits at Canonsburg Lake. Walleye fishing Lake Erie, I have my citation walleye hanging above the fireplace we caught at Lake Erie together. One of my favorite memories with you was when I worked at Lake Jo Ann and found out they were stocking the lake with trout, I came home and picked you up and we put Dads boat in the truck. We went back to the lake and caught our limits. Dad came out looking for us, we saw him on the shoreline yelling for us to come in and we paddled further away and continued to fish! lol RIP my brother. I know Dad welcomed you home. Jeff
