Condolences to everyone who knew and loved Ron. I will always be thankful to Ron for the kindness and hospitality he showed me as a young man..especially after my Mom took ill and I was trying to get through college and get started in the world. His soft-spoken \"shy\" demeanor...working long, hard hours...his maniacal card-playing...the bags of chocolate stashed away here and there...Johnny Cash...and his love of tickling the heck out of all the little kids all made him one someone you enjoyed being with...he will be dearly missed.
