Shank Lakhavani posted:

My deepest condolences to the Fedor family. Jack and I were colleagues at the Westinghouse Machinery Technology Division, Large, PA and we worked together for several years. I remember Jack as a gentleman and an excellent engineer working to improve electrical engineering systems for the United States Navy. Jack will be missed by all his friends and me. Thinking of Jack's family in these difficult times, and wishing you all hope in the midst of sorrow, comfort in the midst of pain.
