Joanne Hoff posted:

My eyes are filled with tears again, as I stand here where you lay. I think of you every second but miss you everyday. My body is full of sadness that you are no longer here. My pain is only soothed by our memories that we share. My heart is broken and doesn't beat the same. And it breaks a little more every time I hear your name. My dreams are of the future when I no longer feel this pain. I will follow you up to heaven and we will be together again.
