So sorry to hear she is gone. I've tried to find her a few times and sadly now realize why I couldn't. We were childhood friends regularly scrambling over the hill, through backyards and brambles carrying our barbie suitcases to meet and play. I'm so sad that she is gone.

Annetta was a force. All those who were fortunate to have known her would understand this. She was a force of love, compassion and loyalty to those she cared for and about. And she was also a fighter who never shied away from standing up for herself or those she loved. We have missed her presence at the office since last spring, and now miss her presence period. You are in our thoughts Logan.

My heart aches with this loss of our wonderful friend and co-worker, Annetta. No matter what work issue had us stymied, we only had to call Annetta and she would do her best to help us out. She was fun to joke with and hang out with and she will be sorely missed.

I worked with Annetta for many years. I always had so much respect for her and how she handled her position. You knew that Annetta always knew what needed to be done in any situation that arose. The answer to most questions was "ask Annetta". She was our go to person, and for so many years, the heart and soul of the company. I will miss her dearly and will always be grateful to have had the chance to work with her. My love and prayers to Logan. Kathy
