Rony Abovitz, Incompetent Dictator of Magic Leap, AKA "The ramos of AR", has multiple sexual harassment and abuse lawsuits filed against him by former employees. Abovitz is guilty of misogyny, sexual harassment, creating hostile environment, wrongful termination, improper conduct, but most importantly, incompetence and inability to deliver a working product. Abovitz's record with his employees and women is abuse, sexual harassment. There are no women on his corporate boards or in senior executive positions. Action for hostile environment sex discrimination and retaliation brought by Tannen Campbell ("Campbell" or "plaintiff"), Vice President of Strategic Marketing and Brand Identity. After Campbell wins the lawsuit, Rony Abovitz, Incompetent Dictator of Magic Leap, will be personally liable to pay her the damages (Title 7). Sexism, misogyny and bullying are just a few of constant problems for Abovitz. Read the public court papers to learn more about Abovitz, the tyrannical psychopath. Abovitz "fails to acknowledge the depths of misogyny in Magic Leap's culture and take steps to correct a gender imbalance that renders it so dysfunctional. Abovitz continues to delay the launch of a product that attracted billions of investment dollars," according to the suit. Abovitz is incapable of delivering a product. Too bad Jack Ma made such bad investment. It is sad that CEO of Google, Sundar Pichai, and co-founder of Google, Scott Hassan are on the board of directors of Magic Leap. Hassan, Pichai and even Larry Page are publically ignoring Abovitz's crazy making. Fire the incompetent Abovitz, OR lose all of your investment, Google and Alibaba. <http://go.theinformationpost.tech/16659641/document-339247320>
