The first night when we were talking at the basketball court at genesis and you lit up when you talked about star wars and we became best friends from there on out. When I moved to step down to be with you, my best friend but I pretended you were my boyfriend for little hand flan (Kait Flanagan) and you brought me to city place and on my first bus experience and got quite lost! And how you put your arm out whenever we crossed the street to protect me. Then we sat in the parking lot cuz we weren't allowed to be near each others apartments to write kait's letter! And woke up everyday went to our noon meeting and spent everyday all day together! I love you so much Luke Skywalker. You have forever touched my heart.

I'm so glad I was lucky enough to cross paths w Kevin. Brutally honest but in a hilarious way. Made me laugh Everytime I was around him. Such a sweet kid. The struggle is over and I know you are at peace now. I'm saying prayers for your family and friends Kev...I'm sure you are missed by many because even tho you are young you have touched many hearts. I love you Kevin ❤️
