It is with heartfelt condolences that I'm writing this message in memory of Betty, or as I have referred to her since my childhood, Mrs. Herzberg. She will always be remembered with fondness for her intelligence, loyalty, generosity, and more importantly, her valued friendship with my mother, Betty Diller. I have such great memories of gatherings at our homes and our family vacations together in the mountains and at the Jersey Shore. She made a positive impact in her professional life as well as with family and friends and will be greatly missed.

Ms. Herzberg was my High School Chemistry Teacher. She was very instrumental in my educational journey and success - as a Chemistry major at Allegheny College and then in Medical school. I have very fond memories of working on chemistry problems during high school and then attending the American Chemical Society ACS- local event with her. She directly influenced my love of chemistry. Excellent teacher! ❤️ RIP Elizabeth Herzberg.
